Subject No. 512.

Music Master for Girls' School at Arsikere.

Mr. M. Chowdaiya.

Summary of discussion.—A Music Master may be appointed for the Girls' School at Arsikere which is becoming more popular.

Reply of Government.—The representation will be sent to the Inspector General of Education.

Subject No. 513.

Nirganti for Arsikere tank.

Mr. M. Chowdaiya.

Summary of discussion.—The Nirganti who is appointed for the Arsikere tank is not on duty as he is not paid. Great difficulty is experienced in regulating the supply of water to fields which in consequence are laying waste; a Nirganti may therefore be appointed soon.

Reply of Government.—May be represented to the Deputy Commissioner.

Subject No. 514.

Reserving water of Arsikere tank for supply to the town.

Mr. M. Chowdaiya.

Summary of discussion.—As there is scarcity of drinking water at Arsikere, the well from which the Railway authorities take water should be closed and water of the Arsikere tank should be reserved for supply to the town.

Reply of Government.—It is quite out of the question to stop the supply for the Railway. There have been seasons, it is believed, in which the well under the tank was the only source of water-supply available for the Railway. It is also out of the question to reserve the supply of this large tank for the water-supply to the town of Arsikere. A scheme for the water-supply to both the town and the Railway is under investigation.

Subject No. 515.

Bridging hallas on the Arsikere-Huliyar road.

Mr. M. Chowdaiya.

Summary of discussion.—Bridges may be constructed over the streams which run near the villages of Shyaurgere, Holalkere, Kithankere and Aggunda on the Arsikere-Huliyar road to obviate the inconvenience experienced at present for wheeled traffic.

Reply of Government.—May be represented to the District Board.

Subject No. 516.

Railings over the bund of Arsikere Doddakere.

Mr. Balwant Rao of Arsikere Taluk.

Summary of discussion.—Railings may be provided to prevent accidental slips at curves on the bund of the Arsikere Doddakere. Protection is absolutely necessary as the bund is narrow and traffic is great on the Bangalore-Honnavar Provincial road which passess over this bund.

Reply of Government.—May be represented to the Deputy Commissioner.

Subject No. 517.

Widening and deepening the well in front of the Musafirkhana near the Arsikere Railway Station.

Mr. Balwant Rao.

Summary of discussion.—The only good drinking water now available at Arsikere is from the well in front of the Musafirkhana. Government may be so kind as to widen and deepen this well so as to admit of two more pulleys being fixed and thus extend its use.

Reply of Government.—This is a matter for consideration by the Arsikere Municipal and Taluk Boards. The Deputy Commissioner will be asked to take the necessary action.
